### Committees Greetings!!!

In just a few weeks to go and year 2008 will officially ended. Never to realize that, there are lots of things that we've been wanted to do, but we ourselves don't even have the time to plan and really think or do it! Whatever the plan we have in mind, its time to plan & do in year 2009 now, which seems will be a more challenging year to come. We hope all of you can join us too.

WISHING ALL OF YOU A HAPPY, WEALTHY & HEALTHY NEW YEAR !
